KING AIR 360
The BEECHCRAFT KING AIR 360 aircraft is from the world’s most popular business turboprop family. Its track record of success and reputation for building companies remains strong after 50 years of continuous innovation. True to its iconic name, the King Air 360 aircraft rules the skies with legendary performance that includes restyled interiors, IS&S THRUSTSENSE autothrottle, COLLINS AEROSPACE PRO LINE FUSION avionics and optional Wi-Fi capabilities with full touchscreen simplicity.

**YOUR BUSINESS HEAVY LIFTER**

Max Range 1,806 nm*  
Max Cruise Speed 312 ktas  
Max Occupants 11  
Useful Load 5,145 lb  
Takeoff Field Length 3,300 ft**

* Range is based on a ferry mission at 8K, with NBAA IFR reserves.
**Takeoff field length is based on a departure at sea level, max takeoff weight and ISA conditions.
ADVANCED FROM THE INSIDE OUT

WEATHER TRACKING
The fully automatic MultiScan weather radar features turbulence detection technology & de-icing system that enables flight in various weather conditions.

TWIN TURBINE POWER
Twin 1,050-shp Pratt & Whitney Canada PT6A engines deliver reliable performance & low operating costs.

TOUCHSCREEN AVIONICS
The latest Next-Gen ready, Cabin Display System (CDS) features three touchscreen displays for simple in-flight navigation.

REDUCED PILOT WORKLOAD
IS&I ThrustSense auto-throttle and digital pressurization reduce pilot workload, allowing pilots to focus on completing the mission.

SOUNDPROOF TECHNOLOGY
Conversations come easy thanks to generous soundproofing and smart noise-cancelation technology.

IN-FLIGHT COMFORT
Lower cabin altitude allows passengers to arrive at destinations feeling relaxed and refreshed.

CABIN AMENITIES
Executive seating, fold-out tables, USB charging and power outlets make this cabin both an idealizable boardroom and family room.

REGENERATIVE STORAGE
Built-in wing lockers and a large internal luggage space provide a wide range of loading options.

HIGH-PERFORMANCE PROPELLERS
Constant-speed, fully reversing propellers deliver excellent runway performance and durability.

PROVEN IN SPECIAL MISSIONS
The King Air 360 aircraft is counted on globally for critical missions such as surveillance, maritime patrol, flight inspection and air ambulance.

GENEROUS STORAGE
Standard wing lockers and a large internal baggage space provide a wide range of loading options.

60 MILLION FLIGHT HOURS
King Air aircraft have flown in some of the harshest conditions on Earth.

SOUNDPROOF TECHNOLOGY
Conversations come easy thanks to generous soundproofing and smart noise-cancelation technology.

IN-FLIGHT COMFORT
Lower cabin altitude allows passengers to arrive at destinations feeling relaxed and refreshed.

AIRSTAIR DOOR
Step up your cabin experience with a strong airstair door. Support cables disconnect without tools, allowing you to load large cargo with ease.

RUGGED LANDING GEAR
Proven on rough airstrip worldwide, the landing gear lets you take off and land in short, unpaved runways.

REDUCED PILOT WORKLOAD
IS&I ThrustSense auto-throttle and digital pressurization reduce pilot workload, allowing pilots to focus on completing the mission.

When it comes to comfort, the King Air 360 cabin is far more capable than lesser single-engine turboprops and some aircraft costing millions more. Managing pleasure and productivity in flight is easy with a wide range of cabin amenities, including pull-out work tables, a built-in refreshment center, illuminated cupholders, universal power outlets, USB outlets, a private aft lavatory and accent lighting.

A NEW CLASS OF AMENITIES

The spacious King Air 360 aircraft cabin, with standard seating for up to nine passengers, offers ample head and shoulder room throughout. Acoustic technologies create the quietest turboprop experience available. Work and relax in double-club leather seats while staying connected with optional Wi-Fi capabilities.
Pro Line Fusion avionics is an intuitive touchscreen flight deck that simplifies how we navigate and communicate. Featuring iTAWS and TCAS II, Pro Line Fusion has enhanced situational awareness and standard synthetic vision. It’s where the power of simplicity meets cutting-edge performance, durability and reliability.

**STANDARD FEATURES**

- IS&S ThrustSense Autothrottle
- Digital Pressurization System
- Collins Aerospace Pro Line Fusion Avionics Suite
  - Three 14-inch Touchscreen Displays
  - Synthetic Vision System (SVS)
  - Graphical Flight Planning
  - Integrated Charts and Maps
- Engine-Indicating and Crew-Alerting System (EICAS)
- Dual Flight Management System (FMS)
- MultiScan Weather Radar System (WXR)
- Integrated Terrain Awareness and Warning System (iTAWS)
- Traffic Alert and Collision Avoidance System (TCAS II)
- Automatic Flight Guidance System (AFGS)
- Dual Navigation and Communication Radios

**OPTIMUM PERFORMANCE**

The King Air 360 turboprop reduces pilot workload with features like the IS&S ThrustSense autothrottle, which delivers precision control for optimized power output, including overtorque/overtemp protection. Digital pressurization automatically schedules cabin pressure on both climb and descent, increasing passenger comfort and further reducing pilot workload.

**QUICK TO CONFIGURE**

Collins Aerospace Pro Line Fusion avionics interface simplifies the setup of flight displays. Flight information is quickly organized with fingertip touches and swipes.
KING AIR 360 SPECIFICATIONS

Exterior
- Wingspan: 57 ft 11 in (17.65 m)
- Length: 46 ft 8 in (14.22 m)
- Height: 14 ft 4 in (4.37 m)

Interior
- Cabin Height: 57 in (1.45 m)
- Cabin Width: 54 in (1.37 m)
- Cabin Length: 19 ft 6 in (5.94 m)

Baggage Capacity
- Internal Baggage Capacity: 550 lb (249 kg)
- Wing Lockers Capacity: 600 lb (272 kg)

Max Occupants: 11

Weights
- Max Takeoff Weight: 15,000 lb (6,804 kg)
- Empty Weight: 9,965 lb (4,516 kg)
- Useful Load: 5,145 lb (2,334 kg)

Powerplant
- Manufacturer: Pratt & Whitney Canada
- Model: (2) PT6A-60A
- Power Output: 1,050 shp ea (783 kW ea)

Performance*
- Max Cruise Speed: 312 ktas (578 km/h)
- Max Range: 1,600 nmi (1,864 km)
- Takeoff Field Length: 3,200 ft (975 m)
- Max Operating Altitude: 35,000 ft (10,668 m)

BRING IT ALL
Never compromise range or payload. The King Air 360 aircraft allows you to load up with fuel, 11 occupants and their bags. With more than 5,000 pounds (2,267 kilograms) of useful load, there is no need to leave anyone or anything behind.

* Performance data is based on standard conditions with zero wind. Field performance exceeds a level, hard surface, dry runway. Max range is based on a King Air 360 with NBAA IFR reserves. Takeoff field length is based on a departure at sea level, max useful load and ISA conditions.
YOUR CONNECTION TO OEM EXPERT SUPPORT

Maintaining a global fleet requires worldwide coordination and universal access to the knowledge of experienced support representatives. With you as our focus, we are fully committed to you and supporting your King Air 360 aircraft with general aviation’s largest global support network. You can count on Textron Aviation to be by your side with superior parts availability, competitive pricing and a robust distribution system. The quality of support you receive is always efficient, reliable and available 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

• Textron Aviation has the farthest-reaching network of 21 company-owned service centers and the world’s largest parts distribution network.
• Over 30 mobile service and line station locations globally, so support is available wherever you need it.
• A robust e-Commerce platform to make parts purchasing quick and easy.
• 96% fill rate on parts shipments with 99.9% of in-stock items shipping the same day.
• Personalized ownership programs to assist with maintenance, parts purchasing and flight operations.

ADVANCE YOUR TRAINING

Aviation professionals worldwide rely on FlightSafety Textron Aviation Training to provide the highest-quality training and outstanding service for the Textron Aviation product line of Beechcraft, CESSNA and HAWKER aircraft. Our Learning Centers give our customers the confidence of knowing we’re focused on reliability, convenience and flexibility.

FLIGHTSAFETY TEXTRON AVIATION TRAINING

• Approved by aviation regulatory authorities worldwide.
• Access our fleet of 80 simulators at 14 centers.
• Most Learning Centers are conveniently located close to Textron Aviation Service Centers.
• Learn from experienced instructors committed to your proficiency and success.
• Each classroom and simulator experience delivers outstanding and unmatched quality.

VISIT SERVICE.TXTAV.COM TO LEARN MORE.
THE WORLD’S LEADER IN GENERAL AVIATION

We advance the market by leveraging the latest technology in our Beechcraft and Cessna aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft over our 90-year history, exceeding 150 million turbine flight hours in over 170 countries. With more than 12,000 employees building new products and supporting you every step of the way, we continue to provide the industry’s widest-ranging offerings and most capable service.

Our portfolio features CITATION aircraft, the world’s best-selling business jets; King Air and CARAVAN aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
