The most popular business turboprop in the world, the BEECHCRAFT KING AIR 250 aircraft, now provides better performance and payload to deliver more people to more places in comfort at less cost. The COLLINS AEROSPACE PRO LINE FUSION flight deck brings unprecedented situational awareness to the cockpit, making this turboprop easy to fly, even during single-pilot operations.

Maximum Range: 1,720 nm
Maximum Occupants: 9
Maximum Cruise Speed: 310 ktas
Useful Load: 3,760 lb
Takeoff Distance: 2,111 ft

EXPAND YOUR BUSINESS
ENGINEERED TO MEET MORE MISSIONS

TOUCH-SCREEN AVIONICS
The latest NextGen-ready, Collins Aerospace ProLine Fusion avionics feature full-touch screens for simple in-flight navigation.

WEATHER TRACKING
Weather radar features turbulence detection technology. De-ice system and fast windshield wipers enable flight in more weather conditions.

CABIN CLASS
Your mobile boardroom or family room. Enjoy executive seating, fold-out tables, power outlets and optional wireless connectivity.

GENEROUS STORAGE
Large internal baggage area is heated, pressurized and accessible in-flight.

SOUNDPROOF TECHNOLOGY
Concentrations made easy thanks to generous soundproofing and smart noise-cancellation technology.

RUGGED LANDING GEAR
Proven through worldwide usage, the landing gear lets you take off and land almost anywhere.

LIGHTWEIGHT COMPOSITE PROPELLERS
Advanced composite propellers are quiet and reversible, enhancing excellent runway performance.

PROVEN IN SPECIAL MISSIONS
Counted on globally for critical missions such as surveillance, maritime patrol, flight inspection and air ambulance.

TWIN TURBINE POWER
Twin 850-horsepower Pratt & Whitney Canada PT6A engines with integrated Ram Air Recovery System deliver increased power, reliable performance and low operating costs.

60 MILLION FLIGHT HOURS
King Air aircraft have flown in some of the harshest conditions on earth.

AIRSTAIR DOOR
Step up your cabin experience with a strong and secure door. Support cables disconnect without tools, allowing you to load large cargo with ease.

SOUNDPROOF TECHNOLOGY
Concentrations made easy thanks to generous soundproofing and smart noise-cancellation technology.

The King Air 250 turboprop is outfitted with more cabin amenities than you’ll find in lesser single-engine turboprops and aircraft costing millions more. Managing comfort and productivity in flight is easy with a wide range of cabin features. Two stowable work tables, a built-in refreshment center, electronically dimmable windows, standard power outlets and the aft lavatory all contribute to getting the most out of your flights.

A NEW CLASS OF AMENITIES

The spacious King Air 250 aircraft cabin, with seating for up to nine, creates an environment of unparalleled comfort with added head and shoulder room. Acoustic technologies deliver the quietest turboprop experience available. While you work and relax in leather seats, maximize your in-flight productivity with optional wireless connectivity.

CUSTOM COMFORT AND ENHANCED PRODUCTIVITY

Enjoy comfortable flights with the dual-zone climate controls and private aft lavatory.
CONFIDENCE OF SIMPLICITY

Pro Line Fusion is an intuitive touch-control flight deck that simplifies how we aviate, navigate and communicate. Featuring standard synthetic vision and enhanced situational awareness, there is no need to fly through FMS menus. It’s where the power of simplicity meets cutting-edge performance, durability and reliability.

ENHANCED FLIGHT PLANNING

Enjoy direct access to critical information such as waypoints, routing, weather and all flight planning tools. The Pro Line Fusion system allows for heads-up flying rather than searching through menus and pages of flight data.

STANDARD FEATURES

- Collins Aerospace Pro Line Fusion avionics suite
  - Three 14-inch touch-screen displays
  - Synthetic vision system (SVS)
  - Graphical flight planning
  - Integrated charts and maps

- Engine-indicating and crew-alerting system (EICAS)
- Dual flight management system (FMS)
- Weather radar system (WXR)
- Integrated terrain awareness and warning system (iTAWS)
- Traffic alert and collision avoidance (TCAS I)
- Automatic flight guidance system (AFGS)
- Dual navigation and communication radios

QUICK TO CONFIGURE

The new Pro Line Fusion interface simplifies the setup of flight displays. Flight information is quickly organized with fingertip touches and swipes.

“Pro Line Fusion” is a trademark of Collins Aerospace.
ENHANCED PAYLOAD AVAILABLE

The legendary carrying capacity of the King Air turboprop is now even greater. Take more passengers and more baggage to more destinations. The enhanced payload option allows the King Air 250 turboprop to operate in the commuter category at a gross takeoff weight of 13,420 pounds, which means you can carry five passengers with baggage and full fuel. Passengers may easily retrieve personal items during flight thanks to a fully accessible, heated and pressurized baggage area.

KING AIR 250 SPECIFICATIONS

INTEGRITY DIMENSIONS
- Cabin Height: 57 in (1.45 m)
- Cabin Width: 54 in (1.37 m)
- Cabin Length: 16 ft 8 in (5.08 m)
- Internal Baggage Capacity: 550 lb (249 kg)

WEIGHTS
- Max Takeoff Weight: 13,650 lb (6,197 kg)
- Basic Operating Weight (1 Pilot): 8,930 lb (4,050 kg)
- Useful Load: 3,760 lb (1,706 kg)
- Max Payload: 2,170 lb (984 kg)

MAXIMUM OCCUPIERS: 9

POWERPLANT
- Manufacturer: Pratt & Whitney Canada
- Model: PT6A-62
- Power Output: 850 shp (634 kW)

PERFORMANCE
- Takeoff Distance (MTOW): 2,111 ft (643 m)
- Max Range (Ferry LRC): 1,720 nm (3,185 km)
- Max Cruise Speed: 310 ktas (574 km/h)
- Max Operating Altitude: 35,000 ft (10,668 m)

ENHANCED PAYLOAD OPTION

The enhanced payload option increases maximum takeoff weight to 13,420 lb (6,087 kg) and useful load to 4,645 lb (2,107 kg).

Performance data is based on standard conditions and vary actual flight performance depends on factors including, but not limited to, weight, weather, and runway conditions.
ADVANCE YOUR TRAINING

Aviation professionals worldwide rely on FlightSafety Textron Aviation Training to provide the highest-quality training and outstanding service for the Textron Aviation product line of Beechcraft, CESSNA and HAWKER aircraft. Our Learning Centers give our customers the confidence of knowing we’re focused on reliability, convenience and flexibility.

FLIGHTSAFETY TEXTRON AVIATION TRAINING

• Approved by aviation regulatory authorities worldwide.
• Access our fleet of 89 simulators at 17 centers.
• Most Learning Centers are conveniently located close to Textron Aviation service centers.
• Learn from experienced instructors committed to your proficiency and success.
• Each classroom and simulator experience delivers outstanding and unmatched quality.

WE WORK TO KEEP YOUR WORLD MOVING

Maintaining a global fleet requires worldwide coordination and universal access to support. With you as our focus, we are fully committed to servicing your King Air 250 aircraft with general aviation’s largest global support network. You can count on Textron Aviation to provide superior parts availability, competitive pricing and a robust distribution system. The quality support you receive is always efficient, factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

• Textron Aviation has the farthest-reaching global network of company-owned service centers and the world’s largest parts distribution network.
• It only takes 1CALL to get you back in the air. Our team is trained to manage AOG situations, so support is available day and night to keep you moving.
• With an inventory of over 19 million parts, Textron Aviation has the technical support to cover your aircraft from nose to tail.
• 96% same-day fill rate on all in-stock part orders.

You can count on the industry experts to be there for the life of your aircraft.
THE WORLD’S LEADER IN GENERAL AVIATION

We advance the market by leveraging the latest technology in our Beechcraft, Cessna and Hawker aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft, exceeding 150 million flight hours in over 170 countries. With more than 9,000 employees building new products and supporting you every step of the way, we continue to provide the industry’s widest-ranging offerings and most capable service.

Our portfolio features CITATION aircraft, the world’s best-selling business jets; King Air and CARAVAN aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
