Your Business
Heavy Lifter

The Beechcraft King Air 350 aircraft is the world’s most popular business turboprop. Its track record of success and reputation for building companies remains strong after 50 years of continuous innovation. True to its iconic name, the King Air 350i aircraft rules the skies with legendary performance that includes more payload, greater range, a quieter interior with Wi-Fi capabilities and Collins Aerospace Pro Line Fusion avionics with full touch-screen simplicity.

Maximum Range
1,806 nm

Maximum Cruise Speed
312 ktas

Maximum Occupants
11

Useful Load
5,145 lb

Takeoff Field Length
3,300 ft
ADVANCED FROM THE INSIDE OUT

WEATHER TRACKING
MultiScan weather radar features turbulence detection technology and de-icing system and fast windscreen wipers enable flight in various weather conditions.

TWIN TURBINE POWER
Twin 1,050-horsepower Pratt & Whitney Canada PT6A engines deliver reliable performance and low operating costs.

HIGH-PERFORMANCE PROPELLERS
Constant-speed, fully reversing propellers deliver excellent runway performance and durability.

IN-FLIGHT COMFORT
Square-oval fuselage features more shoulder room and large windows with electronic shades. Electric-flush lavatory provides comfort en route.

SAFETY FEATURES
Collision avoidance system with terrain awareness and warning system (TAWS) and automatic flight director system (AFDS).

TACTICAL ADVANTAGE
Advanced avionics and weapon systems for military operations.

IN-FLIGHT STABILITY
Sleek, aerodynamic fuselage design ensures stable flight at high speeds.

CABIN AMENITIES
Executive seating, fold-out tables and power outlets make this cabin an ideal mobile boardroom and family room.

FLEXIBLE LOADING OPTIONS
Standard wing lockers and a large internal baggage space provide a wide range of loading options.

CUSTOMIZABLE AVIONICS
Collins Aerospace Pro Line Fusion avionics feature full touch screens for simple in-flight navigation.

RUGGED LANDING GEAR
Proven on rough airstrips worldwide, the landing gear lets you take off and land on short, unpaved runways.

GENEROUS STORAGE
Wide wing lockers and a large internal baggage space provide a wide range of loading options.

SOUNDPROOF TECHNOLOGY
Conversations come easy thanks to generous soundproofing and smart noise-cancellation technology.

AIRSTAIR DOOR
Step up your cabin experience with a strong, retractable door. Support cables disconnect without tools, allowing you to load large cargo with ease.

ADVANCED FROM THE INSIDE OUT

PROVEN IN SPECIAL MISSIONS
The King Air 350i aircraft is counted on globally for critical missions such as surveillance, maritime patrol, flight inspection and air ambulance.

60 MILLION FLIGHT HOURS
King Air aircraft have flown in some of the harshest conditions on Earth.

WEATHER TRACKING
MultiScan weather radar features turbulence detection technology and de-icing system and fast windscreen wipers enable flight in various weather conditions.

IN-FLIGHT COMFORT
Square-oval fuselage features more shoulder room and large windows with electronic shades. Electric-flush lavatory provides comfort en route.

When it comes to comfort, the King Air 350i cabin is far more capable than lesser single-engine turboprops and some aircraft costing millions more. Managing pleasure and productivity in flight is easy with a wide range of cabin amenities, including pull-out work tables, a built-in refreshment center, electronically dimmable windows, power outlets, a private aft lavatory and optional vanity cabinets.

The spacious King Air 350i cabin, with standard seating for up to nine passengers, offers added head and shoulder room throughout. New acoustic technologies create the quietest turboprop experience available. Work and relax in double-club leather seats while staying connected with available Wi-Fi capabilities.

**A NEW CLASS OF AMENITIES**

When it comes to comfort, the King Air 350i cabin is far more capable than lesser single-engine turboprops and some aircraft costing millions more. Managing pleasure and productivity in flight is easy with a wide range of cabin amenities, including pull-out work tables, a built-in refreshment center, electronically dimmable windows, power outlets, a private aft lavatory and optional vanity cabinets.
Pro Line Fusion is an intuitive touch-screen flight deck that simplifies how we aviate, navigate and communicate. Featuring standard synthetic vision and enhanced situational awareness, there is no need to fly through FMS menus. It’s where the power of simplicity meets cutting-edge performance, durability and reliability.

**CONFIDENCE OF SIMPLICITY**

**ENHANCED FLIGHT PLANNING**

Enjoy direct access to critical information such as waypoints, routing, weather and all flight planning tools. Pro Line Fusion flight deck allows for heads-up flying rather than searching through menus and pages of flight data.

**STANDARD FEATURES**

- Collins Aerospace Pro Line Fusion avionics suite
  - Three 14-inch touch-screen displays
  - Synthetic vision system (SVS)
  - Graphical flight planning
  - Integrated charts and maps*
- Engine-indicating and crew-alerting system (EICAS)
- Dual flight management system (FMS)
- MultiScan weather radar
- Integrated terrain awareness and warning system (iTAWS)
- Traffic alert and collision avoidance system (TCAS II)
- Automatic flight guidance system (AFGS)
- Dual navigation and communication radios

*Subscription required

**QUICK TO CONFIGURE**
The new Pro Line Fusion interface simplifies the setup of flight displays. Flight information is quickly organized with fingertip touches and swipes.

Performance data is based on standard conditions with zero wind. Pilot performance estimates should be used only for dry runway. Range is based on in a dry mission w/o IFR reserves.
WE WORK TO KEEP YOUR WORLD MOVING

Maintaining a global fleet requires worldwide coordination and universal access to support. With you as our focus, we are fully committed to servicing your King Air 350i aircraft with general aviation’s largest global support network. You can count on Textron Aviation to provide superior parts availability, competitive pricing and a robust distribution system. The quality support you receive is always efficient, factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

• Textron Aviation has the farthest-reaching global network of company-owned service centers and the world’s largest parts distribution network.
• It only takes 1CALL to get you back in the air. Our team is trained to manage AOG situations, so support is available day and night to keep you moving.
• With an inventory of over 19 million parts, Textron Aviation has the technical support to cover your aircraft from nose to tail.
• 96% same-day fill rate on all in-stock part orders.

You can count on the industry experts to be there for the life of your aircraft.

FLIGHTSAFETY TEXTRON AVIATION TRAINING

• Approved by aviation regulatory authorities worldwide.
• Access our fleet of 89 simulators at 17 centers.
• Most Learning Centers are conveniently located close to Textron Aviation service centers.
• Learn from experienced instructors committed to your proficiency and success.
• Each classroom and simulator experience delivers outstanding and unmatched quality.

ADVANCE YOUR TRAINING

Aviation professionals worldwide rely on FlightSafety Textron Aviation Training to provide the highest-quality training and outstanding service for the Textron Aviation product line of Beechcraft, CESSNA and HAWKER aircraft. Our Learning Centers give our customers the confidence of knowing we’re focused on reliability, convenience and flexibility.

VISIT TXTAV.COM/SERVICE TO LEARN MORE.
THE WORLD’S LEADER IN GENERAL AVIATION

We advance the market by leveraging the latest technology in our Beechcraft, Cessna and Hawker aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft, exceeding 150 million flight hours in over 170 countries. With more than 9,000 employees building new products and supporting you every step of the way, we continue to provide the industry’s widest-ranging offerings and most capable service.

Our portfolio features CITATION aircraft, the world’s best-selling business jets; King Air and CARAVAN aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
