THE LEADER IN PERFORMANCE AND EFFICIENCY

The BEECHCRAFT KING AIR C90GTx aircraft is more than just a business icon. For generations, the King Air 90 series has delivered the performance to go farther, carry more and reach new heights — all with legendary efficiency. Its performance, quality and reliability have inspired enthusiastic loyalty and have made the King Air the world’s most popular business turboprop.

Maximum Range 1,260 nm
Maximum Occupants 8
Useful Load 3,280 lb
Takeoff Distance 1,984 ft

Maximum Cruise Speed 272 ktas

THE LEADER IN PERFORMANCE AND EFFICIENCY
VERSATILITY ALL AROUND

TOUCH-SCREEN AVIONICS
Honeywell ready Collins Aries PRO LINE 2100i avionics come with Garmin选点式 flight displays for simple in-flight navigation.

CABIN CLASS
Pressure-cabin is executive club-style seating, folding tables and optional wireless connectivity.

GENEROUS STORAGE
Large internal baggage area is heated, pressurized and accessible in flight.

ADVANCED SWEPT-BLADE PROPELLERS
Advanced swept-blade, reversible pitch propellers deliver runway performance and outstanding ramp presence.

WEATHER TRACKING
Weather radar features turbulence detection technology. A de-icing system and fast windscreen wipers enable flight in more weather conditions.

RUGGED LANDING GEAR
Proven on rough scrape worldwide, the landing gear lets you take off and land at short, unpaved runways.

TWIN TURBINE POWER
Twin 550-horsepower Pratt & Whitney Canada PT6A engines deliver reliable performance and low operating costs.

IN-FLIGHT COMFORT
Square-oval fuselage features more shoulder room and large windows with electronic shades. Electric-flush lavatory provides comfort en route.

PROVEN IN SPECIAL MISSIONS
Counted on globally for critical missions such as air ambulance, airline training and military transport.

KING OF EXPERIENCE
King Air aircraft have flown more than 60 million flight hours in some of the harshest conditions on Earth.

WEATHER TRACKING
Weather radar features turbulence detection technology. A de-icing system and fast windscreen wipers enable flight in more weather conditions.

AIRSTAIR DOOR
Step up your cabin experience with a strong airstair door. Support cables disconnect without tools, allowing you to load large cargo with ease.

GENEROUS STORAGE
Large internal baggage area is heated, pressurized and accessible in flight.

IN-FLIGHT COMFORT
Square-oval fuselage features more shoulder room and large windows with electronic shades. Electric-flush lavatory provides comfort en route.
Uncommonly quiet, the King Air C90GTx aircraft carries up to eight occupants in refined comfort. Club-style seats fully articulate and recline, and your passengers will enjoy spacious head and shoulder room in a cabin designed for maximum freedom of movement. Comfort and convenience are further enhanced by fine cabinetry, a belted aft lavatory and storage compartments accessible in flight.

Cabin amenities include two pyramid-style refreshment cabinets, a club-four seating arrangement, a belted side-facing seat and a forward-facing belted lavatory seat located aft.
Step into the flight deck of the King Air C90GTx aircraft and know immediately that this aircraft means business. Collins Aerospace Pro Line Fusion avionics provide exceptional situational awareness, making this plane easy for single pilot operations, while those accustomed to piston-powered twins will feel right at home. Electronic charts and a graphic weather display minimize pilot fatigue. The high-resolution synthetic vision system (SVS) offers pilots patented airport dome graphics, full multi-sensor flight management and convenient presets for reconfiguring all three displays with a single touch.

**CONFIDENCE OF SIMPLICITY**

**STANDARD FEATURES**

- Intuitive graphical touch-control flight planning
- High-resolution synthetic vision system (SVS)
- Convenient presets to reconfigure displays with a single touch
- Full multi-sensor flight management system
- Integrated electronic checklists
- Open and scalable architecture for future upgrades and mandates
- NextGen-ready with ADS-B Out
KING AIR C90GTx SPECIFICATIONS

INTERIOR DIMENSIONS
- Cabin Height: 57 in (1.45 m)
- Cabin Width: 54 in (1.37 m)
- Cabin Length: 31 ft 7 in (9.64 m)
- Baggage Capacity: 350 lb (159 kg)

WEIGHTS
- Max Takeoff Weight: 10,485 lb (4,756 kg)
- Basic Operating Weight (1 Pilot): 7,265 lb (3,295 kg)
- Useful Load: 3,220 lb (1,460 kg)
- Max Payload: 2,113 lb (958 kg)

MAX OCCUPANTS: 8

POWERPLANT
- Manufacturer: Pratt & Whitney Canada
- Model: (2) PT6A-135A
- Power Output: 550 shp (410 kW)

PERFORMANCE
- Takeoff Distance (MTOW): 1,984 ft (605 m)
- Max Range (Ferry, LRC): 1,260 nm (2,334 km)
- Max Cruise Speed: 272 kias (504 km/h)
- Max Operating Altitude: 30,000 ft (9,144 m)

Performance data is based on standard conditions with zero wind. Field performance assumes a level, hard-surface, dry runway. Range is based on a ferry mission at LRC with NBAA IFR reserves.

ADVANCE YOUR TRAINING

Aviation professionals worldwide rely on FlightSafety Textron Aviation Training to provide the highest-quality training and outstanding service for the Textron Aviation product line of Beechcraft, CESSNA and HAWKER aircraft. Our Learning Centers give our customers the confidence of knowing we’re focused on reliability, convenience and flexibility.

FLIGHTSAFETY TEXTRON AVIATION TRAINING

• Approved by aviation regulatory authorities worldwide.
• Access our fleet of 89 simulators at 17 centers.
• Most Learning Centers are conveniently located close to Textron Aviation service centers.
• Learn from experienced instructors committed to your proficiency and success.
• Each classroom and simulator experience delivers outstanding and unmatched quality.

WE WORK TO KEEP YOUR WORLD MOVING

Maintaining a global fleet requires worldwide coordination and universal access to support. With you as our focus, we are fully committed to servicing your King Air C90GTx aircraft with general aviation’s largest global support network. You can count on Textron Aviation to provide superior parts availability, competitive pricing and a robust distribution system. The quality support you receive is always efficient, factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

• Textron Aviation has the farthest-reaching global network of company-owned service centers and the world’s largest parts distribution network.
• It only takes 1 CALL to get you back in the air. Our team is trained to manage AOG situations, so support is available day and night to keep you moving.
• With an inventory of over 19 million parts, Textron Aviation has the technical support to cover your aircraft from nose to tail.
• 96% same-day fill rate on all in-stock part orders.

You can count on the industry experts to be there for the life of your aircraft.

The World's Leader in General Aviation

We advance the market by leveraging the latest technology in our Beechcraft, Cessna and Hawker aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft, exceeding 150 million flight hours in over 170 countries. With more than 12,000 employees building new products and supporting you every step of the way, we continue to provide the industry’s widest-ranging offerings and most capable service.

Our portfolio features Cessna Citation Aircraft, the world’s best-selling business jets; King Air and Caravan aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
