

KING AIR C90GTx

TWIN TURBOPROP POWER AND RELIABILITY

Beechcraft

TEXTRON AVIATION

BEECHCRAFT KING AIR C90GTx

The Beechcraft® King Air® C90GTx aircraft is an outstanding personal aircraft and business tool. It is the perfect balance of payload, range and speed matched with a finely crafted cabin for an ideal traveling experience.

- Experience intuitive flight control using Rockwell Collins™ Pro Line Fusion™ avionics, featuring icon-based touch screens.
- Strong and reliable twin-turbine engines deliver high-performance climbs and faster cruise speeds.
- Carry eight occupants above the weather in a class-leading, comfortable cabin.
- Get closer to your destinations by taking off in 1,984 feet and touching down on short, unimproved runways.
- Rest assured, you are supported by the farthest-reaching and most accessible service network.
